Michael Corbett works as a Director and Systems Administrator in the Bryan, TX office of Welch Consulting. Mr. Corbett works with Economists in analyzing data in cases involving discrimination and FLSA claims. Mr. Corbett is also responsible for maintaining computer networks and security for all Welch Consulting locations. His consulting experience includes statistical analyses of data in OFCCP pay audits, misclassification cases and wage and hour claims. In addition, Mr. Corbett specializes in the conversion of data from clients' systems to usable formats and in generating materials for reports and presentations. Prior to employment at Welch Consulting, Mr. Corbett worked sixteen years in retail grocery management before returning to school.
